Performance Video Editor | Paid Social, DTC | AI Driven Content

I am a results focused **video editor** and **performance creative** with over **Five years** of experience producing high converting video content for **DTC** brands, startups, and digital first businesses. I specialize in **paid** social creatives for **Meta platforms**, **short form** conversion focused videos, and long form content that supports brand authority, retention, and growth.

I combine traditional editing and **motion design** with **AI powered** production tools to create both **paid** and **organic video** content that is built to test, scale, and perform across the full content funnel. My work has helped clients across Africa and the **U.S.** boost visibility, double engagement, and build stronger online positioning.

Technical Skills

- **Video Editing:** Adobe Premiere Pro, After Effects, DaVinci Resolve, CapCut.
- **Paid Social Platforms:** Meta and TikTok ad creative collaboration, performance review, and iteration support, YouTube Studio.
- **Performance Creative:** A/B Hook Testing, UGC-style editing, VSL (Video Sales Letter) Production.
- **Marketing Analytics:** Google Analytics for content performance insight, Meta Pixel informed creative optimization, creative testing frameworks.
- **AI Tools:** Runway, Google Veo, Kling, Kei ai, Flow, Higgsfield, Kaiber, ElevenLabs,
- **Audio Design:** Adobe Audition, Logic Pro, Sound Mixing, Foley.
- **Workflow & Collaboration:** Slack, Notion, Click up, Trello, Frame.io, Google Workspace, Dropbox.

PROFESSIONAL EXPERIENCE

Performance Video Editor (Paid Social, DTC)

Maple Media · Full-time · Remote | 2026 – Present

At Maple Media, I focus on creating high converting direct response video ads for DTC brands, working at the intersection of creative production and performance marketing. My role is centered on producing, testing, and iterating paid social creatives that are built to capture attention quickly and drive measurable results across platforms like Meta.

- I produce 2 to 3 high converting ad creatives daily, including multiple variations of a single concept to support structured A B testing and rapid iteration cycles.
- I collaborate closely with media buyers and creative strategists to align edits with campaign objectives, audience targeting, and overall growth strategy.
- I work across multiple creative formats including UGC style ads, testimonials, product demos, founder led content, and fast paced montage creatives tailored for paid acquisition.
- I analyze creative performance using Meta Ads Manager and internal reporting tools, focusing on metrics such as hook rate, hold rate, click through rate, and conversion rate to guide editing decisions.
- I iterate on underperforming creatives by restructuring openings, testing new hooks, refining messaging, adjusting pacing, and improving visual storytelling to increase retention and engagement.
- I leverage AI tools to enhance production speed and output, including AI assisted ideation, hook generation, auto captioning, voiceovers, and content repurposing workflows.

AI Video Editor (Performance & DTC focus)

ReadyChatAI · Full-time · Remote | Oct 2025 (Contracted)

At ReadyChatAI, I create AI powered video content that builds the brand's voice, simplifies product understanding, and helps the company show clear value across social platforms. My focus is on content that strengthens trust, improves visibility, and supports the longterm direction of the brand.

- Produce short form videos using Sora, Google Veo 3, Higgsfield, Hedra, Runway, Nano Banana, and other tools
- Translate product ideas into content that supports brand messaging, strengthens positioning, and connects with the audience
- Develop AI avatars and visual styles that match the brand's tone, personality, and storytelling direction
- Engineer rapid **creative testing workflows**, iterating on multiple AI models to optimize "The Hook" and increase **CTR (Click-Through Rate)** for short-form social content.
- Collaborate with growth teams to translate product concepts into **high-intent creative assets** that align with long-term brand positioning and performance KPIs.

Freelance Video Editor & Creative Producer

Remote / Hybrid | 2020 – Present

I've worked with brands, startups, and creators across Africa, the U.S., and Europe, producing videos that help businesses grow online. I handle projects from concept to delivery, blending creative direction with AI-powered production.

- I lead the full video process: scripting, filming, editing, and post-production, ensuring every project feels intentional and high-impact.
- Designed and executed high-intent **DTC video campaigns** for brands across Africa and the U.S., resulting in a **2x increase in CTR (Click-Through Rate)** and significant engagement growth
- Developed **creative testing frameworks** for Meta and TikTok ads, iterating on "The Hook" (first 3 seconds) to improve retention rates and lower Customer Acquisition Costs (CAC).
- I use Premiere Pro, After Effects, DaVinci Resolve, and AI tools like Runway, Flow, and Google Veo to accelerate workflows and push creative boundaries.
- I build and manage collaborative systems using Notion, Slack, and Frame.io to keep international teams and clients aligned.
- Projects range from short form campaigns and paid social creatives to long form YouTube content, commercials, documentaries, and branded storytelling pieces.

Creative Video & Animation Specialist

TeeSas · Full-time · Remote | Feb – Oct 2025 (Contracted)

At TeeSas, I help turn educational concepts into visual stories that make learning fun and engaging. I handle animation, video editing, and the creative look and feel of lesson content.

- I create animated lessons and motion-driven visuals that improve understanding and retention for thousands of students.
- I design storyboards, animate scenes, and edit finished lessons using After Effects, Premiere Pro, and DaVinci Resolve.
- I experiment with AI tools like Runway ML and Flow to simplify complex topics and boost production efficiency.
- I collaborated with curriculum developers to align visuals with learning outcomes and audience engagement goals.

Video Editing Intern

CrispTV Media · Internship · Hybrid | 2020 – 2022

I joined CrispTV as an intern and quickly became a hands-on part of their editing process, working alongside senior editors on branded, entertainment, and commercial projects.

- I assisted with editing, motion graphics, and color grading using Premiere Pro and After Effects.
- I handled rough cuts, synced audio, and prepped sequences for senior editors.
- I learned how to manage client feedback cycles and meet tight broadcast deadlines.
